## **Spazio all'Informazione del 23/05/18 – I ponti sul Po**

Mercoledì 23 maggio 2018 alle ore 17.30

in Sala Eventi di SpazioComune – piazza Stradivari n. 7 – Cremona, si terrà l'incontro libero e gratuito di Spazio all'Informazione:

### **I PONTI SUL PO A CREMONA DALL'OTTOCENTO AD OGGI: CHE STORIA!**

Relatore: Roberto Caccialanza – fotografo e ricercatore

Sono vicende complesse che si condensano in una storia piena di curiosità, quelle che

riguardano la progettazione, la costruzione e la vita dei ponti di barche e del viadotto in ferro a doppia travata stradale e ferroviaria costruiti sul Po per collegare Cremona a Castelvetro Piacentino.

Inaugurati, rispettivamente nell'agosto 1862 e nel settembre 1892, i ponti sono stati oggetto di uno studio che ha individuato notizie e immagini inedite, in alcuni casi addirittura straordinarie, provenienti da archivi privati e pubblici, italiani e stranieri.

Il relatore illustrerà l'argomento partendo dalla presenza di porti e ponti al servizio di Cremona dalle sue origini alla prima metà dell'Ottocento; tratterà delle fasi che portarono all'allestimento del ponte di barche e alla costruzione del viadotto in ferro inaugurato dal ministro cremonese dei Lavori Pubblici Francesco Genala.

Non mancheranno informazioni sul metanodotto aereo smantellato negli anni Ottanta del XX secolo, sul ponte dell'autostrada A21 e sul ponte ferroviario entrato in servizio nel 1990. Parlerà anche dei tanti episodi verificatisi durante la vita di questi straordinari manufatti, come le piene e le alluvioni, le massime piene e magre, le discese di ghiacci, i bombardamenti, la ricostruzione, ecc.

Per chi fosse interessato, durante l'evento, saranno disponibili copie della seconda edizione del libro *I ponti sul Po fra Cremona e Castelvetro (1862-2012): immagini inedite, storia, curiosità, gente e vita sul Grande Fiume*.
